Dussehra Holiday Home Work

Class -V

ENGLISH

Activity 1: Explore the World of Tenses!

Tense Chart

Instructions:

- Take an A4-size sheet or chart paper.
- Write the heading TENSES in bold letters.
- Divide the chart into three columns: Present Tense, Past Tense and Future Tense. Write all twelve tense forms, along with one example sentence for each.
- Use different colours and decorate the chart neatly.

Activity 2: Adverbs Add More Meaning!

Adverbs Chart

Instructions:

- Take an A4-size sheet or chart paper.
- Write the heading ADVERBS.
- Divide the chart into sections showing the different kinds of adverbs.
- Draw or paste suitable pictures and use colourful headings.

Complete the following holiday homework activities neatly and carefully. Follow the instructions given under each subject.

HINDI

दशहरा अवकाश हेतु गृहकार्य

- जीवन परिचय (स्वयं का) लिखिए।
- दीपावली की बधाई हेतु दो ग्रीटिंग कार्ड बनाकर लाइए।
- मिट्टी के दो दीये (दीपक) सजाकर रलाइए।

जमा करने की अंतिम तिथि: 22/10/2026

MATHEMATICS

Topics: Decimals, Percentages and Geometry

General Instructions

- Complete the activities neatly in your Maths notebook.
- Make your work creative and colourful wherever required.
- Avoid lengthy written answers.
- Complete the homework independently.

Activity 1: Colourful Percentage Grid

Draw or paste a 10×10 grid containing 100 small squares.

- Colour 25 squares red.
- Colour 30 squares blue.
- Colour 15 squares green.
- Leave the remaining squares uncoloured.

Task: Write the percentage & decimal represented by each colour.

Activity 2: My Geometrical House

Draw a picture of a house using basic geometrical shapes such as squares, rectangles, triangles and circles. Colour your picture neatly.

EVS

Activity 1: Disaster Preparedness Challenge

Chapter 7 – Natural Disasters

Imagine that your family needs to prepare for an emergency. Create a mini emergency kit using a shoebox or any small box available at home. Include five essential items that may be needed during a natural disaster, or draw pictures of them. Write the name of each item.

Activity 2: Science Exhibition Preparation – November 2026

Our school will organise a Science Exhibition in November 2026. Choose ONE of the following options and prepare a write-up.

Option A: Science Project/Model

Prepare a write-up about the science project or model you would like to present. Include:

- Title of the project/model
- Aim or purpose
- Materials required
- Procedure for making the model
- Scientific principle involved
- How the model works
- Real-life applications
- Conclusion

Option B: Science Magic – Easy Experiments

Choose a simple and safe experiment that looks like magic but can be explained by science. Prepare a write-up including:

- Title of the experiment
- Aim
- Materials required
- Steps to perform it
- What happens and why (scientific explanation)
- Conclusion

Ideas: Dancing Raisins, Magic Pepper and Soap, Walking Water, Floating Egg, or a Balloon-Powered Experiment.

Instructions for the Science Exhibition Write-up

- Discuss your choice with your parents before preparing the write-up.
- Prepare the write-up on A4-size sheets and arrange the sheets neatly in a file or folder.
- Write in your own words and add labelled diagrams or pictures wherever needed.
- Use simple, easily available materials. Practise experiments with adult supervision.
- Avoid fire, sharp objects, hazardous chemicals, and risky activities.
- Bring the completed write-up to school after the Dussehra vacation and keep it safely for reference on the Science Exhibition day.

Last date of submission of Holiday Homework is 26/10/2026
